Welcome

Brevard Family Partnership was formed in 2003 with the purpose of developing a local system of care for the children and families in Brevard County who are in need of support and community based services. Our vision for community based care includes protecting children, maintaining and strengthening ties between children, families, and communities, and empowering families to take steps to create desired change in their lives. We look forward to working with you and your family.

The reason for this handbook is to give you information about Brevard Family Partnership, the services we offer, and to explain how we will work with you and your family. Your Care Coordinator will go over this handbook with you and will be sure to answer any additional questions you may have. They will ask you to sign a paper stating that you have received this handbook and understand your rights and responsibilities.

Brevard Family Partnership has developed a seamless continuum of care for children and families that is committed to promoting prevention and providing the support you and your family require to live successfully after exiting the child welfare system.

Brevard Family Partnership uses a Wraparound-Family Team Conferencing approach to address the needs of families in the child welfare dependency system. The goal of the team process is to enable children to safely remain in their own homes whenever possible while ensuring families have voice in the planning process. In incidences where the child is in out-of-home placement, the focus is to assist in safely returning the child home. Family Team Conferences are used for case planning and the periodic utilization (progress) reviews of all sections of the Care Plan. The goal of the Brevard Family Partnership system of care is to foster access, voice and ownership of families by way of the Family Team Conference/Wraparound process and to continually increase the systems capacity to provide family teams for all families with a goal of reunification. The purpose of Family Team Conference is:

1) To ensure successful engagement of families occurs early in the process with the identification of the families vision, strengths and potential barriers to success;
2) To clarify with the family the reasons for DCF/Brevard Family Partnership involvement;
3) To focus on the safety and permanency needs of the child;
4) To ensure the family drives the process in identifying needs;
5) To ensure the family has access, voice, and ownership of their plan;
6) To clarify expectations for behavioral change with all persons involved;
7) To acknowledge the family's strengths and commitment to their child;
8) To document the families’ accomplishments;
9) To form community based, culturally sensitive support groups that will provide ongoing support to the family;
10) To identify community resources that can provide assistance to the family.
Our Beliefs, Mission, Vision and Values

We believe that every child needs a home with a heart and that all children deserve to grow up safe, healthy, and whole in families that love and nurture them. Brevard Family Partnership believes in family driven care; as such families are partners in the planning process. It is our goal to assist and strengthen families by creating access to community based resources and natural supports that promote safety, build trust, and ensure permanency for children. We believe that mobilizing resources for children and families is the responsibility of the entire community and will help families access the necessary supports to meet their ongoing needs throughout Brevard County.

Our Mission
It is our mission to protect children, strengthen families and change lives through the prevention of child abuse and the operation and management of a comprehensive, integrated, community-based system of care for abused, abandoned and neglected children and their families.

Our Values
Our system of care is family-centered, strength-based and community driven. We believe that all children have the inalienable right to grow up safe, healthy and fulfilled in families that love and nurture them.

Our Vision
It is the vision of Brevard Family Partnership and its stakeholders to manage a system of care for children and families committed to the following:

♥ The safety of children will be the foremost concern, at all times;

♥ Services are customized to meet the unique needs of each child and family and are provided by a community-based network of providers who are dedicated to delivering a family-centered and responsive service delivery system;

♥ Resources will be efficiently and effectively managed to achieve better outcomes for children with the ultimate goal of child safety;

♥ Financial support will be available from diverse federal, state and local sources and flexibly managed at the local level to meet child and family needs in a timely and appropriate manner; and

♥ The system will be able to collect and use data to accurately forecast what services and supports are needed, at what level of intensity and duration, and at what cost to achieve desired outcomes for each child and family in need.
Why is Care Coordination so Helpful?

**Together** we build a child and family team consisting of a natural network of people that you choose to be on your family team.

**Together** we work hard to find out what is needed to help your family be successful and create desired changes.

**Together** we find out what is needed to help your family manage and eliminate the stressors you are facing.

**Together** we follow the process called “Wraparound,” which means that supports and services are “wrapped around” the child and family to support and sustain you beyond discharge from our program.

**Together** we find creative solutions based on your family’s strengths, needs, culture, values and community.

**Together** we will decide when you have achieved your goals and are ready for graduation.
What is the Wraparound Process?

Wraparound is a planning process that follows a series of steps to help children and their families realize their hopes, dreams, and meet their family goals. This enables families to be free of child welfare and other systems involvement and increase skills to navigate community resources. The steps are outlined in more detail:

STEP ONE: Getting Started and Hearing the Family's Story
The initial conversation with child/family and others who are close to them, establishes a partnership with the family and the Brevard Family Partnership staff, determines team membership, and an initial set of strengths and needs for the team to work from.

STEP TWO: Starting the Meeting with Strengths
At the initial Family Team Conference (FTC), the team reviews each member's perspective and issues relating to strengths and needs. The strengths focus is established and is central to the team's operation.

STEP THREE: Developing a Team Vision
Through consensus and the process of normalization, the team identifies a vision- a unified picture developed by the FTC team of how things will be for the child and family when involvement with Brevard Family Partnership is completed.

STEP FOUR: Identify Needs Across Life Domains.
The team participates in a thorough exploration of the family's needs across life domains. Life domains are areas of the family's life that present with challenges. These domains are areas such as a place to live, mental health, cultural, social, spiritual, educational, vocational, financial, safety, etc. Brevard Family Partnership staff leads the conversation, assuring family voice, while checking with team members for other needs and shared understanding of the needs held by the family.

STEP FIVE: Prioritize Needs
The team, using family voice and perspective, selects the most important needs to work on during the time frame of the meeting. While family needs are critical, system needs are also considered and prioritized if needed.

STEP SIX: Develop Action Strategies
The team brainstorms strategies that will help the family move to the better life they defined in the vision statement. These actions must be tied to the strengths and culture of the child, family, team and community.

STEP SEVEN: Assign Tasks and Solicit Commitments
Team members commit to tasks with specific follow-up dates.

STEP EIGHT: Document the Plan, Evaluate, Refine and Monitor Progress
The team documents the plan and develops mechanisms for knowing when it is working and makes plans to change it as necessary. As time goes on the team determines strategies for transition to more informal, responsive supports, fading system involvement.
The wraparound process is a planning process that brings people together from different parts of the whole family’s life. With help from a Care Coordinator, people within the family’s life work together, coordinate their activities, and blend their perspectives of the family’s situation in order to create desired change and help strengthen children, families, and communities. The family decides how often they would like to schedule their FTC meetings. These can be scheduled as often as weekly or as infrequently as every 90 days. Life circumstances will occur outside of the FTC and the family might decide they want to call a FTC. The family and team members can determine at any time that a FTC needs to be convened to discuss new circumstances or information that warrants additional planning.

10 Principles of the Wraparound Process

♥ Family voice and choice. Family and youth/child perspectives are intentionally elicited and prioritized during all phases of the wraparound process. Planning is grounded in family members’ perspectives, and the team strives to provide options and choices such that the plan reflects family values and preferences.

♥ Team based. The wraparound team consists of individuals agreed upon by the family and committed to them through informal, formal, and community support and service relationships.

♥ Natural supports. The team actively seeks out and encourages the full participation of team members drawn from family members' networks of interpersonal and community relationships. The wraparound plan reflects activities and interventions that draw on sources of natural support.

♥ Collaboration. Team members work cooperatively and share responsibility for developing, implementing, monitoring, and evaluating a single wraparound plan. The plan reflects a blending of team members’ perspectives, mandates, and resources. The plan guides and coordinates each team member’s work towards meeting the team’s goals.

♥ Community-based. The wraparound team implements service and support strategies that take place in the most inclusive, most responsive, most accessible, and least restrictive settings possible; and that safely promote child and family integration into home and community life.

♥ Culturally competent. The wraparound process demonstrates respect for and builds on the values, preferences, beliefs, culture, and identity of the child/youth and family, and their community.

♥ Individualized. To achieve the goals outlined in the wraparound plan, the team develops and implements a customized set of strategies, supports, and services.

♥ Strength based. The wraparound process and the wraparound plan identify, build on, and enhance the capabilities, knowledge, skills, and assets of the child and family, their community, and other team members.

♥ Persistence. Despite challenges, the team persists in working toward the goals included in the wraparound plan until the team reaches agreement that a formal wraparound process is no longer required.
**Outcome based.** The team ties the goals and strategies of the wraparound plan to observable or measurable indicators of success, monitors progress in terms of these indicators, and revises the plan accordingly.

**How is Wraparound and Family Team Conference approach different?**
- It is based on the strengths of you, your family and your community.
- It is something your family does; it is not something you are told to do.
- It is a team effort with you, your child, service providers and other people or supports that are important to you.
- It is a process that respects who you are.
- It is a process where every team member decides to never give up and provides the care, support and commitment necessary.
- It values the importance of social networks or “natural supports.”

**What is the role of the parent / caregiver?**
With the partnership, support and help of other team members, you will:
- Identify and recruit family team members.
- Discuss your family’s strengths and needs in your team meetings.
- Ask questions when you do not understand.
- Let the team know if your plan needs to change.
- Call your Care Coordinator if you are unable to attend a Family Team Conference.

**What is the role of the Care Coordinator?**
Brevard Family Partnership Care Coordinators oversee the authorization and utilization of services for each family in the dependency system. They also coordinate the Family Team Conference process as described above. Once you have a strength/cultural discovery or Family Team Conference scheduled, your Care Coordinator is the person you will want to call to change or cancel the meeting. When you have questions about the Wraparound process or want to discuss your FTC, either one you’ve had or an upcoming one then please call your Care Coordinator for further discussion. Care Coordinators approve service referrals received from Care Managers (CM’s) and send these referrals to providers, monitor weekly usage of services, receive weekly progress notes from providers and distribute these progress notes to CM’s. If your child is in out of home care then your Care Coordinator will attend all Clinical Review and Permanency Staffings related to your case.

**What is the role of the Case Management Agency (CMA)?**
Brevard Family Partnership, serving as the Lead Agency, contracts with Case Management Agencies (CMA) to provide for the day to day oversight of child welfare case management activities for families in the dependency system. Services referrals and participation in the Family Team Conference process are two roles CM’s fully participate in. CM’s address case management activities such as monthly home visits, scheduling visitation, ensuring children’s medical needs are met, completing required paperwork for court hearings, attend
Permanency Staffings, and review weekly progress notes to name a few. CM’s also complete referral paperwork for any service referral Brevard Family Partnership is funding. If you have questions about your legal case your Care Manager is the person to contact. If a service referral is not working for you because the provider is either not a good match for you or a family member or the service is not what supports you in meeting your needs then you can call your Care Manager. The Care Manager and Care Coordinator will speak about this and either call a Family Team Conference or call you and work to identify a service or provider who will be a better fit for your family.

Providers:
Brevard Family Partnership provides an array of services designed to assist families in regaining optimal functioning and to alleviate family crises that may lead to placement disruption or out of home placement of children. These services are a resource for families that want to prevent the removal of their children, or to support the smooth transition back to their family after reunification. The services within the system of care are family-focused and responsive to the unique needs of families as well as delivered as close to home and community as possible.

Once a referral has been sent to a provider the provider has two business days to call you to set up your first appointment with them. Providers will meet with you or your family member at your convenience. They will submit to Brevard Family Partnership a weekly progress report that lists actions taken to assist you or your family in meeting your goals. Providers may ask you to sign something each time they work with you or your family to verify they met with you. Except for an evaluation or assessment all providers will work with you each time they meet with you to increase your support system and connect you with community resources. This is critical so that when you exit the child welfare system you will have resources to support you in the future, we call this long term sustainability. If this does not occur, please let your Care Manager or Care Coordinator know immediately.

What is the role of my child?
Depending on your child’s age, he or she, with the support of team members, will be involved in the following areas:

♥ Setting goals.
♥ Motivating him/herself.
♥ Communicating strengths, needs, and opinions to the team.
♥ Trusting parents and the family team.
♥ Finding hope.
♥ Being persistent. Never giving up.
♥ Knowing his/her limits.
♥ Asking questions in the team process.
♥ Asking for help from the team.
Brevard Family Partnership Programs

Brevard C.A.R.E.S. Prevention Program
Brevard C.A.R.E.S. (Coordination. Advocacy. Resources. Education. Support.) is Brevard Family Partnership’s signature voluntary prevention program tailored to protect children, strengthen families and change lives. Brevard C.A.R.E.S. offers a full-array of support services and wraparound/family team conferencing to families experiencing stressors that often lead to abuse, abandonment and neglect. The success of this program is due to the proactive participation of the families in need. These families openly engage in this strength-based program, building upon the successes and skills within their family unit. If you are experiencing a crisis or are in need of assistance, please call 1-888-CARES-09 (1-888-227-3709).

Connected by 25
The Connected by 25 (Cby25) program is designed to help vulnerable young people gain the skills and support they need to succeed as adults. Its mission is to give young people a successful transition to adulthood as they leave the foster care system.

Foster Care, Adoption and Kinship Care Programs
Brevard Family Partnership manages foster care and adoption services for youth who have been removed from their homes due to abuse, neglect and/or abandonment. Hundreds of children are removed from their homes each year due to abuse, abandonment or neglect. These children represent all races and ethnicities and range in age from birth to 17 years. While most of these children will return home to their parents, many still will become available for adoption. Brevard Family Partnership provides support for relative and non-relative caregivers (Kinship Care) as well as foster and adoptive parents.

Foster Care Program
Foster care is a service provided by the State of Florida, through the Department of Children and Families (DCF), for children that the Dependency Court finds cannot return home and cannot be placed with relatives or other safe adults. DCF or agencies with whom they contract find families in the community to serve as foster parents. However, in some cases, the child or children will live in a group home setting. The benefit of a foster home is the security and comfort of a family setting. If you are interested in foster parenting, please contact (321) 752-4650 ext. 2019.

Adoption Program
If you are interested in providing a “forever home” for a child in the foster care system, please contact (321) 752-4650 ext. 2054 or visit our Heart Gallery at www.heartgallerybrevard.org. The Heart Gallery represents many of the children available for adoption; however, it does not include all of the children available in Brevard County or in the State of Florida.
**Kinship Care**
Monthly financial support is available to relatives who meet eligibility requirements and have custody of a child under the age of 18 who has been adjudicated dependent by a Florida court and placed in their home by Brevard Family Partnership or DCF. The monthly payment is more than the Temporary Cash Assistance for one child but less than the amount paid for a foster care child. Only the needs, income, and assets of the child or children are considered when determining eligibility and payment amounts. Payments are based on the child's age and any countable income.

For more information on the relative caregiver program at Brevard Family Partnership, please contact (321) 752-4650 ext. 2019, or reference [http://www.dcf.state.fl.us/ess/tanf.shtml](http://www.dcf.state.fl.us/ess/tanf.shtml)

**Independent Living**
Brevard Family Partnership and our providers offer independent living services to youth and young adults in the foster care system. These services prepare them for adulthood and life after foster care. It is a requirement that those young adults aging-out of the system (turning 18 without returning to the care of their parents or being adopted) have the basic life skills to function successfully on their own. Training includes: financial literacy training, household management, educational and career planning, to name a few skill areas.

Once a youth ages out of the foster care system, there are several services that he/she can access, if certain requirements are met. These services include: transportation and housing assistance, emotional support, and financial assistance. Additionally, Brevard Family Partnership was awarded a grant through the Eckerd Family Foundation to fund the Connected by 25 (Cby25) program. Cby25 provides former foster youth with guidance and support to ensure a successful transition to adulthood.
Rights and Responsibilities

Family & children

Please ask your Care Manager to explain these rights to you if you have any questions. It is important that you understand them and are satisfied with how your family is being treated.

You have the right to...

♥ Receive services regardless of your race, religion, ethnicity, cultural background and sexual orientation.

♥ Be treated with respect.

♥ Be ensured that all records and information are secure and confidential (as per the Heath Insurance Portability and Accountability Act (HIPAA) standards).

♥ Have your rights explained to you in a manner which is clear.

♥ Understand the documents that you are asked to sign.

♥ Contact the Florida Abuse Hotline (1-800-96-ABUSE) and/or any other professional involved with you to report allegations of abuse or neglect.

♥ Refuse services unless the law states otherwise, and the right to be informed about the consequences of such a refusal, which can include discharge.

♥ Submit a complaint if you are unhappy with the services you are receiving and to receive a response within a reasonable time frame.

♥ Services and supports that are individualized, built on strengths, resources, values and preferences, and take your family’s culture into consideration.

♥ Services and supports that meet the needs of you and your family, and reflect your priorities, goals, and vision.

♥ Make decisions regarding the types of services that are provided and the person/agency who will provide the service.

♥ Participate as full and active partners in the process and have a voice and a choice in decision making.

♥ Work together with a team to develop, implement, and evaluate your care plan.

You also have the right to.....

♥ Invite others you view as supporters to participate with you in your Family Team Conference.
♥ Have services and supports which are sustainable, flexible and unconditional, and change as the needs of you and your family change.

♥ Receive copies of your Care Plan, court paperwork and any other relevant documents.

♥ Fair and equitable treatment.

♥ Receive services in a non-discriminatory manner; and the freedom to express and practice religious and spiritual beliefs.

♥ Request an in-house review of your Care Plan and service authorizations.
Informed Choice

All direct service staff are responsible for encouraging consumers of Brevard Family Partnership to take the most active role possible in choosing the direction of their services and treatment plan. Staff should always be working to assist consumers in the process of seeking their personal path of Self Determination. This means using the tools provided to them to identify interests, strengths and the direction for services. These services shall be individually tailored, incorporating goals and objectives based on the unique needs and preferences of each client we serve. The services shall be coordinated and integrated in a manner that addresses personal growth and reflects the individual’s informed choice.

**Staff should seek ways to help consumers to:**
- Express who they are;
- Express their vision in terms of where they are now versus where they would like to be;
- Share how they plan to achieve that vision;
- Take responsibility for their choices and understand the risk inherent in their Choices in terms of health and safety; and,
- Feel confident that they are taking control of their life choices.

In addition, through the use of the Strengths Discovery and Family Team Conferencing process, the person and their family are encouraged to actively participate in making decisions about services and supports including:
- The expected results of services and supports;
- How the design of the services and supports employed meet their needs;
- How services will be delivered, the expected duration of services and possible alternatives for services; and,
- How services will be evaluated, along with any other information that is requested by the consumer or family.

During the Strengths Discovery and Family Team Conferencing Process, any health or safety risk will also be identified. Suggestions on how to minimize those risks will be provided. It will be up to the individual and caregiver to share in the responsibility for their choices.

Furthermore, discussion will also include the qualities of staff that would best work with a particular individual. Input from the individual and their caregiver will be utilized in the selection of the direct services staff.

All consumers will have input in all phases of service planning for that individual and/or family at the time of admission and subsequent reviews such as but not limited to monthly reviews, during team meetings and at discharge or when circumstances are requiring informed choice.

The Strengths Discovery and Family Team Conferencing Process shall be the primary but not the exclusive way of soliciting the active involvement of persons served and their family and/or advocate in planning and implementing program services.
Informed Consent for Photos and Video/Voice Taping
To protect your privacy, if you are asked to be photographed, video/audio taped, or to be viewed through a one-way mirror, you must first be told of this and you must agree to it. If you do not agree, the activity cannot be done. If you agree, you will:

♥ Receive a written description of the request and the reasons for it;
♥ Not be encouraged, given payment, or other incentives to agree to the request; and
♥ Be asked to sign a form giving your informed consent.
Complaints and Grievance Procedure

Brevard Family Partnership is dedicated to providing the highest quality service delivery system to the children and families of Brevard County. Our system is designed to be family centered, strength-based, culturally sensitive and inclusive. In order to ensure our services meet your satisfaction, Brevard Family Partnership has outlined avenues for you (and your family) to give feedback that will assist us in continuously improving our processes.

We hope to gain your feedback in many ways. We will conduct surveys to solicit your input and suggestions and, at times, may request to convene meetings with you to ensure you have access to the services and supports that will be most helpful to you and your family. Brevard Family Partnership also wants to ensure that you and your family have voice and choice in the planning process as well as ownership of your plan.

The Grievance Procedure
The grievance procedure was developed to provide another method of addressing concerns or barriers that are unable to be resolved through the informal methods.

What is a grievance?
A grievance is a formal process that has been established to address a particular concern you may have that has not been successfully resolved through other informal methods. This procedure is applicable to:

♥ All customers of the C.A.R.E.S. program who receive services (and/or their families);
♥ Families receiving services through Brevard Family Partnership providers or through our Case Management agencies; and
♥ Other interested stakeholders.

Issues regarding Magellan authorizations for services should be addressed through the Utilization Program Manager at Brevard Family Partnership by calling (321) 752-4650. Staff will provide you with information about the appropriate grievance/appeal process that you should follow.

You have the right to file a grievance at any time without interference or fear of retaliation. Brevard Family Partnership will ensure that your services are continuous and consistent while a resolution regarding your grievance is formulated.

When Issues or Concerns Arise:
When an issue arises regarding services provided through Brevard Family Partnership, individuals who are dissatisfied with any decision regarding their services are encouraged to meet with the appropriate Brevard Family Partnership staff and/or the Community Partner who provide the services in order to resolve these concerns. If an issue has risen to a level where it cannot be resolved through this process, then you may want to consider filing a formal grievance.

First Step:
You may wish to put your concerns in writing by using the form included in the handbook. You may also call our Client Relations Specialist at (321) 752-4650 to voice your concerns. The Client Relations Specialist will help you complete the necessary paperwork over the phone. Once the form is completed, either through an interview over
the phone or by receipt of this form completed by you, the Client Relations Specialist will review the grievance and determine the action to be taken in order to best address your concerns.

If the grievance being filed has to do with decisions made by Brevard Family Partnership staff regarding eligibility and/or denial of services, appropriateness of services, timeliness of service decision or provision of services by Brevard Family Partnership staff or other issues regarding Brevard Family Partnership or its staff then the Client Relations Specialist may assign the grievance to the appropriate Brevard Family Partnership manager/director and/or officer as appropriate, based on the nature of the concern. This level of review will not involve the person about whom the complaint has been made or the person who reached the decision under review.

Grievance timelines are subject to modification which is determined by the critical nature of the grievance and whether a child or client’s safety and well-being is a prevailing concern. It is the intent of Brevard Family Partnership to address all complaints in a timely manner. All grievances will be closed no later than 20 business days from the date received by the Client Relations Specialist (CRS).

**What happens if my grievance is not resolved to my satisfaction?**

If the grievance remains unresolved or you feel the response to the grievance is still unsatisfactory, following receipt of the response provided, you have the right to have the grievance reviewed by the Compliance Committee and/or Chief Executive Officer of Brevard Family Partnership by contacting the Client Relations Specialist within five business days of the receipt of the initial response. The Compliance Committee and/or Chief Executive Officer will have 15 business days to respond to this grievance request. A copy of the final response to this grievance by the Compliance Committee and/or Chief Executive Officer will be mailed to you within this time frame.

Brevard Family Partnership’s Chief Executive Officer is designated as the final authority to address concerns that were not resolved through the Grievance and Appeal Resolution Process.

**Procedures for grievances regarding one of our Community Partners:**

Brevard Family Partnership is responsible for creating and managing a comprehensive network of quality child welfare services for Brevard County. As part of this responsibility, we require all of our providers to have a process to address complaints and/or grievances. When an issue arises with one of these Community Partners who directly provide a service, you are encouraged to meet them in order to resolve your concerns.

If issues cannot be resolved through this informal method, you should follow the specific agency’s grievance procedure. If you do not have their grievance procedure, you may request this at any time either directly from the agency or through your Care Manager/Care Coordinator, or by contacting Brevard Family Partnership’s Client Relations Specialist. Once the written response has been received from the respective community agency, you may contact Brevard Family Partnership if you still feel the issue has still not been resolved. Brevard Family Partnership will follow our respective timelines for resolving this grievance as described above.

At any time, you may contact Brevard Family Partnership’s Client Relations Specialist at (321) 752-4650 to directly file your complaint or grievance. Brevard Family Partnership strives to ensure customer satisfaction and seeks timely resolution of all concerns raised by consumers.
At any time during this process, you have the right to contact the Florida Department of Family and Children regarding this or any grievance and make a complaint through their website.
Brevard Family Partnership offers a continuum of flexible support services.

Often called “Flex Support”; these providers are contracted with Brevard Family Partnership to provide an array of services. The Brevard Family Partnership Provider Network provides services to families flexibly and individually tailored to meet the needs of the child(ren) and family. Services that are predetermined and prescribed in a “one size fits all” approach are bundled. Bundled services are not flexible or responsive to the changing needs of the family. In the Brevard Family Partnership model, services are unbundled and specific to the family being served.

This means that each service request is customized based on the family need and centrally authorized by Care Coordinators who have “real time” access to services and community resources as alternatives to “paid” services. The frequency and duration of services are authorized by the team and reauthorized as needed during the ongoing Family Team Conference/Utilization Review, which is scheduled according to acuity for close monitoring when warranted. This promotes efficient use and maximization of resources that tailors the level, and type of support as progress or need indicates. Restructured payment methodologies and authorizations, centralized flexible fund management will ensure all available alternative funding streams and community resources are accessed. Brevard Family Partnership has executed contracts and rate agreements with a variety of providers to offer the following services:

- Assessments and Evaluations
- Trauma Education and Training
- Behavior Management
- Parent Education Classes
- Parenting Groups
- Reunification Support
- Family Mentoring Services
- Parent Support and Advocacy
- Family Preservation
- Individual Therapy
- Functional Family Therapy
- Clinical Intervention Programs
- Social Skills Building Groups
- Anger Management
- Psychological Evaluations
- Psychiatric Evaluations
- Medication Management
- Certified Behavior Analyst
- Psychosexual Evaluations
- Sexual Abuse Counseling Services

No person shall on the grounds of age, color, handicap, national origin, race religion or sex be excluded from participation in, be denied benefits or be subject to discrimination under any program or activity receiving or benefiting from federal assistance. Additionally, all clients and applicants for services who have impaired sensory, manual or speaking skills are entitled to equal opportunity to use and benefit from programs and
services of Brevard Family Partnership. Auxiliary aids will be provided free of charge to
the client or applicant which may include brailed and taped materials, interpreters or
other aids.

For more information about our Partners and Providers, please visit our website at
www.brevardfp.org or contact your Brevard Family Partnership representative.

Every hour of every day, someone in the United States needs essential services, from
finding an after-school program to securing adequate care for a child or an aging
parent. Faced with a dramatic increase in the number of agencies and help-lines,
people often don't know where to turn. In many cases, people end up going without
these necessary services because they do not know where to start. 2-1-1 helps people
find and give help.

2-1-1 is an easy to remember telephone number that, where available, connects people
with important community services and volunteer opportunities. The implementation of
2-1-1 is being spearheaded by the United Way and comprehensive and specialized
information and referral agencies in states and local communities. United Way of
America (UWA) and the Alliance for Information and Referral Systems (AIRS) strongly
support federal funding so that every American has access to this essential service.
Brevard Family Partnership is required by law to maintain the privacy of Protected Health Information (PHI). This notice describes how medical information about you may be used and disclosed, and how you can get access to this information.

Please review the following carefully.

Our Duties As They Relate to Your Protected Health Information (PHI).
Our records about clients contain health information that is very personal. The confidentiality of this personal information is protected by federal and state law. We have a duty to safeguard our client’s PHI, which includes individually identifiable information about:

♥ A consumer’s past, present, or future health or condition.
♥ Consumer’s provision of health care to you.
♥ Consumer’s payment for the health care considered PHI.

We are required to:

♥ Safeguard the privacy of client’s PHI;
♥ Give consumer’s this Notice which describes our privacy practices; and
♥ Explain how, when and why we may use or disclose your PHI.

Except in very specific circumstances we must use or disclose only the minimum PHI that is necessary to accomplish the reason for the use or disclosure.

We must follow the privacy practices described in this Notice; however, we reserve the right to change the terms of this Notice at any time and to make the new Notice provisions effective for all protected health information that we receive, disclose or maintain. Should our Notice change, we will post a new Notice at Brevard Family Partnership. You may request a copy of the new notice from Brevard Family Partnership.

Why We May Need to Use or Disclose Your PHI:
We use or disclose PHI for a variety of reasons. For some of these uses or disclosures, we must have your written authorization. For some, the law permits us to make some uses or disclosures without your authorization.

Generally these uses or disclosures are related to treatment, payment, or health care operations. Some examples of these uses or disclosures are:

♥ For Treatment: Your PHI will be shared among members of your treatment team.
♥ To Obtain Payment: We may release portions of your PHI to Medicaid to get paid for services that we have given or provided for you.
Uses and Disclosures for Which We Require Your Authorization (consent):
When the use or disclosure goes beyond treatment, payment or health care operations, we are required to have your written authorization. There are some exceptions to this rule and they are listed below.

Authorizations can be revoked by you at any time to stop future uses or disclosures, except where we have already used or disclosed your PHI in reliance upon your authorization.

Uses and Disclosures For Which We Do Not Require Your Authorization:
The law permits us to use or disclose your PHI without written authorization in the following circumstances:

♥ When a Law Requires Disclosure: We may disclose PHI when a law requires that we report information about suspected abuse, neglect or domestic violence, or in response to a court order, or to a law enforcement official. We must also disclose PHI to authorities who monitor our compliance with these privacy requirements.

♥ For Public Health Activities: We may disclose PHI when we are required to collect information about diseases or injuries, or to report vital statistics to a public health authority.

♥ For health oversight activities: We may disclose PHI for health oversight activities such as audits, inspections and civil or criminal investigations, or actions.

♥ Relating to decedents: We may disclose PHI relating to an individual’s death to coroners, medical examiners or funeral directors.

♥ For organ, eye or tissue donations purposes: We may disclose PHI to organ procurement organizations relating to organ, eye, or tissue donations or transplants.

♥ For research purposes: In certain circumstances and under supervision of a privacy board or institutional review board, we may disclose PHI for research purposes.

♥ To avert threat to health or safety: In order to avoid a serious threat to health or safety, we may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm.

♥ For specialized government functions: We may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons, such as protection of the President.

♥ For workers’ compensation: We may disclose PHI to comply with workers’ compensation laws.

Uses or Disclosures for Which You Must Be Given an Opportunity to Object:
Sometimes we may disclose your PHI if we have told you that we are going to use or disclose your information and you did not object. Some examples are:

♥ Patient directories: Your name, location, general condition, and religious affiliation may be put into our patient directory for use by clergy and callers or visitors who ask for you by name.
To family, friends, or others involved in your care: We may share with these people information directly related to your family's friend's or other person's involvement in your care, or payment for your care. We may also share PHI with these people to notify them about your location, general condition, or death.

If there is an emergency situation and we do not have time to allow you to object to the disclosure, we may still disclose your PHI if you have previously given your permission and disclosure is determined to be in your best interests. If we do this, you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so.

Your Rights As They Relate to Your Protected Health Information (PHI).
You have the following rights relating to your PHI:

♥ Request restrictions on uses or disclosures: You have the right to ask that we limit how we use or disclose your PHI. We will consider your request but are not legally bound to agree to the restriction. To the extent that we do agree to any restrictions on our use or disclosure of your PHI, we will put the agreement in writing and abide by it except in emergency situations. We cannot agree to limit uses or disclosures that are required by law.

♥ Choose how we contact you: You have the right to ask that we send you information at an alternative address or by an alternative means. We must agree to your request as long as it is reasonably easy for us to do so.

♥ Inspect and copy your PHI: Unless your access is restricted for clear and documented reasons, you have a right to see your protected health information if you put your request in writing. We will respond to your request within 30 days for PHI we keep on-site and within 60 days for PHI that is not kept on-site. If we deny your access, we will give you written reasons for the denial and explain any right to have the denial reviewed. If you want copies of your PHI, a charge for copying may be imposed.

♥ Request amendment of your PHI: If you believe that there is a mistake or missing information in our record of your PHI, you may request, in writing, that we correct or add to the record. We will respond within 60 days of receiving your request. We may deny the request if we determine that the PHI is:
  • Correct and complete;
  • Not created by us or not part of our records; or,
  • Not permitted to be disclosed.

A denial will state the reasons for denial. It will also explain your rights to have your request, our denial, and any statement in response that you provide, added to your PHI.

If we approve the request for amendment, we will change the PHI and inform you, as well as others who need to know about the change in the PHI.

♥ Find out what disclosures have been made: You have a right to get a list of when, to whom, for what purpose and what content of your PHI has been released, except for instances of disclosure that were made for treatment, for payment, for health care operations, to you, per a written authorization, for national security or intelligence purposes, to correctional institutions or law enforcement officials, or for the facility directory.
We will respond to your written request for such a list within 60 days of receiving it. Your request can relate to disclosures going as far back as six years. There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

Receive a copy of this notice: You have a right to receive a paper copy of this Notice or an electronic copy by email, upon request.

How to Complain about our Privacy Practices.
If you think we may have violated your privacy rights or you disagree with a decision we made about access to your PHI, you may file a complaint with the person listed in Section IV below. You also may file a written complaint with the Secretary of the U.S. Department of Health and Human Services at the following address:

United States Department of Health and Human Services (HHS)
Attention: Office for Civil Rights
Sam Nunn Atlanta Federal Center, Suite 3B70
61 Forsyth Street SW
Atlanta, Georgia 32303-8909

No retaliatory action will be taken against you if you make such complaints.

Contact Person for Additional Information, or to Submit a Complaint.
If you have questions about this Notice, need additional information or have any complaints about our privacy practices, please contact:

Brevard Family Partnership
James Carlson
Chief Operating Officer and HIPAA Compliance Officer
760 North Drive Suite E
Melbourne, FL 32934
Title IV of the Civil Rights of 1964

Brevard Family Partnership complies with the Title IV of the Civil Rights Act of 1964 regarding Auxiliary Aids Plan for Persons with Disabilities or Limited English Proficiency (LEP).

To ensure compliance with Title IV of the Civil Rights Act of 1964, Statutory Citation: 42 U.S.C. Section 2000d et seq., and to appropriately serve our clients for service, Brevard Family Partnership has implemented this policy. While this ensures compliance with the “letter of the law”, it is Brevard Family Partnership’s intent to also comply with the “spirit of the law” and to that end intends to ensure that client have access to our services.

Brevard Family Partnership and its contracted providers will make available auxiliary aids to persons with disabilities and interpreters for clients who are limited in their ability to speak, read, or understand English. Provision of these accommodations is mandated by Federal Civil Rights Laws to ensure that all clients, applicants, and employees have an equal opportunity to participate in or benefit from programs, services and employment, regardless of disability or national origin.

Auxiliary Aids may include, but are not limited to, brailed and taped material, interpreters (sign and foreign language), readers, listening devices and systems, television decoders, visual fire alarms, captioned films and other assistive devices. This procedure applies to all Brevard Family Partnership offices and programs. Clients include potential clients seeking services from Brevard Family Partnership or its contract providers

Requests for Auxiliary Aids:

1. All services available to clients are equally available to clients with disabilities. To ensure equal accessibility of programs and services to clients with disabilities, Brevard Family Partnership and subcontracted staff assess client needs by consulting with the client. As applicable, staff will consult with counselors, parents, guardians, other family members, and/or other representatives who may be able to assist the client.

2. All Brevard Family Partnership related requests for auxiliary aids and reasonable accommodations are to be directed to the Director of Operations: Child and Family Services. This contact shall be made directly through the “Intake” business phone which is: (321) 752-3226.

3. The communication options for hearing impaired persons may include but not be limited to TDDs (Telecommunication Devices for the Deaf), FAX (telephone facsimile transmittal), phone amplifiers, sign language interpreters, flash cards, lip-reading, written notes, supplementary hearing devices, charts, signs or a combination of these. TDDs will be available for use by clients and employees who are deaf or hearing impaired within two (2) business days of a request. This request is directed to the Brevard Family Partnership Intake line at (321) 752-3226. Clients in need of TDD equipment may obtain this free of charge through Florida Telephone Relay.

The Regional Distribution Center for hearing impaired equipment is located at:
The Florida Telephone Relay service is also available. To call Florida Relay, dial 7-1-1, or use the toll free numbers:

1-800-955-8771 (TTY)

Thank you for taking the time to provide constructive feedback. We appreciate your comments and look forward to speaking with you to address your concerns. This form will be processed in our administrative offices in Melbourne, Florida. Note that under Florida law email addresses are public records. If you do not want your email address released in response to a public-records request, do not provide or send electronic mail to this entity. Instead, contact this office by phone or in writing.
Brevard Family Partnership's Policy complies with 45 C.F.R. Parts 160, 162, and 164, federal regulations promulgated pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and applicable Florida Statutes.

As defined by the Act, protected health information is information which can be used to identify an individual and which relates to the past, present or future physical or mental health or condition of an individual, provision of health care to an individual, or the past, present or future payment for health care provided to an individual.

As defined by the Act, disclosure means the release, transfer, provision of access to, or divulging in any other manner of information outside the entity holding the information.

HIPAA Privacy Notice: The federal Health Insurance Portability Act and Accountability Act (HIPAA) of 1996 provides privacy protection of an individual’s verbal, written and electronic health information. Brevard Family Partnership will comply with all HIPAA requirements in order to protect your health information. By signing below you are acknowledging receipt of the Federal HIPAA policy.

Minor Child ____________________________________________
(Print child’s name) (Date of birth)

I understand that only specific information can be disclosed only to the above mentioned agency. This release is protected under Federal Confidentiality Regulations, (Title 42, Code of Federal Regulations Part 2 and Public Law 91-646, Sec. 33, amended by Public Law 93-282, Sec. 333) and Florida State Statutes (Chapter 415.51). A general authorization for releases of medical information or other information is not sufficient.

The date of consent expires, not to exceed 90 days from when the consent is given, and not to exceed 1 year, or as law requires when a contractor or cooperating service provider requires a new release of information for ongoing service provision. I also understand that I may revoke this consent or authorization at any time, providing I notify the program in writing to this effect. Revocation has no effect on action previously taken.

Treatment, payment, enrollment, or eligibility is not contingent upon authorization. Please be advised that there is a potential for information disclosed via this authorization to be potentially subject to re-disclosure by the recipient and therefore no longer protected by federal code.

I acknowledge that this Release of Information has been fully explained to me and this consent is given of my free will.
